About Me

I am a certified personal trainer & nutritionist and compete in **bodybuilding**.

I love to **travel** and have been to many countries in Europe and Central America.

I got into **coding** because I have both friends and family who work in software engineering and related fields.

I was born and raised in **Ogden, UT** but am willing to relocate.

PROJECTS (CatCorbin on GitHub)

Social Media Showdown — Group Project

Has a countdown (that has now ended) to when the alleged fight between Musk and Zuckerberg was to take place. This site allows users to vote on who they think will win and see the results based on how others voted. There is also a section that can show current stocks of the two businessmen from a click, and links to their social media accounts!
